I am delighted to have the opportunity of speaking for for State Schools' Relief Committee.

In our school the State Schools' Relief Committee is one of the very few organisations that we specifically fund-raise for due to the outstanding work they do to support children in our Government Schools. It is also the organisation we are able to turn to for the students in our school who need support in the provision of uniform. This year our students were very proud to know they had assisted in the provision of uniform of over 8000 students in Victorian Schools. They also took great pride in knowing that their special contribution, which was in excess of \$9000 in total, would benefit children affected in the 2009 Victorian bushfires.

The State Schools Relief committee works tirelessly to ensure every Victorian child has access to opportunity. They do this fostering a sense of participation in education.

Our school community applauds the SSRC for the outstanding work they do for children in our schools, and we will continue to support them with our fund raising efforts.

A handwritten signature in black ink, appearing to read "Julie Podbury". The signature is fluid and cursive, with a large loop at the beginning and a long horizontal stroke extending to the right.
